Dream

Verse 1 When I close my eyes
 And I start to dream
 I can see the place
 It's the place we all want to be
 It's the place of love
 We have been set free
 It's the place where life never ends for me

Verse 2 When I raise my eyes
 And I start to see
 I can see the son
 And the gift he gave to you and me
 It's the gift of love
 We have been set free
 It's a hope where life never ends for me

Wave Of Darkness

Verse 1 As the wave of darkness slowly covers me and all my thoughts
I lose the will to ask for help and I retreat inside
My energy has gone and I can't even raise my finger up
I'm staring at my bedroom wall, my thoughts are turning black

Verse 2 It doesn't last so long this time, the curtain slowly raises up
And I emerge to find that life has gone on much the same
I feel my presence in this life makes little difference anyway
The people I had valued most, they just don't come around

Chorus Where do I go from here?
Where do I go from here?
Where do I go, where do I go from here?

Verse 3 Managing my expectations seems to be good therapy
To realise what I've paid out may never be returned
When I'm feeling strong enough, I make it my true destiny
To find those who get down like me and help them turn around
Recovery is long and slow and I may seem at times withdrawn
But comfort from the Holy word, will keep me hanging on

Chorus Where do I go from here?
Where do I go from here?
Where do I go, where do I go from here?

Pretty Birds

Verse 1 Got the world coming down on me...and its dropped me to my knees
Need the strength just to carry on cause I can hardly breath

Chorus Life goes on she says
Life goes on
When the pretty birds have flown and your feeling
All alone

Verse 2 Four o'clock I've been up all night, cause I can't get to sleep
Evil ones tried to keep me down but they will not succeed

Chorus Life goes on she says
Life goes on
When the pretty birds have flown and your feeling
All alone

Bridge All alone in a lonely world
All alone in a lonely world
All alone in a lonely world..lets fly

Verse 3 Precious times are like birds that fly
They will come but they don't stay
Everyone gets a second chance
At the start of each new day

Chorus Life goes on she says
Life goes on
Life goes on she says
Life goes on
Life goes on she says
Life goes on
When the pretty birds have flown and your feeling
All alone

About You

Verse1 I wanna tell the world about you
That I never could live without you
Oh yeah
Cause everything I know about you
Everything I feel about you
I wanna share

Chorus Cause you make living beautiful
You make dreaming wonderful
You make breathing possible

(Bridge instrumental)

Verse 2 I'm never gonna live without ya
Now that I've finally found you
Oh no
Couldn't spend a single day without ya
Cause every day is better with ya
I really know

Chorus Cause you make living beautiful
You make dreaming wonderful
You make breathing possible

(Bridge instrumental)

Verse 3 And I'm gonna tell the world your name
And nothings gonna be the same
Oh yeah
Everyone will have to know it
Cause everyone will get to hear it
I truly swear

Chorus Cause you make living beautiful
You make dreaming wonderful
You make breathing possible
Cause you make living beautiful
You make dreaming wonderful
You make breathing possible

Moses

- Verse 1** In the cool of the desert night
He led the people and they took to flight
With the cloud by day and the fire for light
- Verse 2** The army chased them to the edge of the sea
Don't be afraid just follow me
Then the cloud moved in front of the enemy
- Chorus** Oh, o. o. oh, he placed his staff on the restless sea
Oh, o. o. oh, the waters parted now they were free
Oh, o. o. oh,, they sang a song of victory
Oh, o. o. oh, oh oh, oh oh
- Verse 3** They followed him across the desert plane
The crowd got hungry they began to complain
Then the manna appeared and the quail did rain
- Verse 4** Up to the mountain top he did go
Three million people all stayed below
Then the crowd made a golden calf to glow
- Chorus** Oh, o. o. oh, down the mountainside he did go,
Oh, o. o. oh,, he smashed the golden calf that glowed
Oh, o. o. oh,, pure worship he made them know
Oh, o. o. oh, oh oh, oh oh
- Verse 5** Back up the mountain top he did go
The most high he came to know
He could only see his back and he began to glow
- Verse 6** God gave him all his law to know
The ten commandments he did bestow
Then he headed back down to the people below
- Chorus** Oh, o. o. oh, A privileged life he did forego
Oh, o. o. oh, but many blessings to him flowed
Oh, o. o. oh, the messiah he did foreshadow
Oh, o. o. oh, oh oh, oh oh

Why?

Verse 1 As I gaze out of my eye
 Across this never ending sky
 Like the calm before the storm
 And I ask the question why

Verse 2 As I look down on the gloom
 Will this promise happen soon

Chorus All the innocence
 That was so beautiful
 Why did it have to die

Verse 3 As I stare across the room
 Old man speaking of a tomb
 And it makes me question why
 Did this young man have to die

Chorus He made reference to
 Mankind's Saviour
 Why did he have to die

Bridge Oh oh oh
 Oh oh oh
 I need the reason why

(Guitar Solo)

Verse 4 As I gaze out of my eye
 Across this ever warming sky
 Icebergs melting in the sea
 Signs that soon I will be free

Chorus I just look above and
 See the starry sky
 Then I know the reason why
 I just look above and
 Its just his patience shown
 I know the reason why

Your Mother's Eyes (Resurrection hope)

Verse 1 Time it goes one way
All so young seems like yesterday
How we used to play
We would laugh almost every day, still
We had our share of woes
But thats the way life goes

Verse 2 Time it don't stand still
You've grown up but your my child still
Now you've moved away
Still I think of you every day
We all made it through
And when I look at you

Chorus 1 And when you smile
I can see your mothers eyes
If she could see you now
I know just what she'd say to me
She would be so proud
She would shed a tear with me
I need to say right now
If I had to, I would die for you
But most of all know this, I will live for you

Verse 3 Time it goes one way
We grow older each passing day
Soon will come the day
Paradise is a moment away
Then we'll welcome here
The one you hold so dear

Chorus 2 And when she smiles
You will see your mothers eyes
She will see you too
I know just what she'll say to me
She will be so proud
She will shed a tear with me
She will SAY to you
I appreciate your here for me
So just remember this, I will live for you

Heal

Verse 1 Can you see me
Can you see that I'm real
Can you feel with me
Can you feel what I feel

Verse 2 I see your hurting
All your pain kept inside
You can share with me
Come on invite me inside

Chorus If you look in to my eyes
I'll show you
How to heal
If you walk in to my life
I'll share with you
Eternity

Verse 3 Draw close to me
I'll draw closer to you
Reach out to me
I'll help you get through

Verse 4 Don't ever doubt
Just reach out and see
You are never alone
Come Taste and See

Chorus If you look in to my eyes
I'll show you
How to heal
If you walk in to my life
I'll share with you
Eternity

Bridge Theres no need to feel alone and suffer inside
Theres no need to stay away from people and hide
All you need to do is start speaking to me
You will realise that soon the world will be free

Outro Breath out
Close your eyes
Think about
The everlasting prize
