

Installing the Bible-Reasoning book cover

STEP 01

Join the Bible and Reasoning book

Gently slide the vinyl sleeve over the front cover of the *Reasoning* book.

Now slide the back cover of your Bible into the same sleeve. If you have a hard time, you can warm up the vinyl sleeve with a hair blow-dryer to make it more pliable.

Here we see both the Bible and *Reasoning* book joined together.

STEP 02

Insert the books into the cover

Now we install the cover. The front cover of the Bible slips nice and snugly into the front of the leather cover.

The back cover of the *Reasoning* book slips nice and snugly into the back of the leather cover.

STEP 03

Zip it shut

Both books are now firmly bound together. They can be taken apart and used separately anytime you like. Your original books, instead of being destroyed, are now protected in a high-quality cover. Finally, pull down the ribbon page-markers.

Zip it shut and you're done!
