Out Of The Noose

- Verse 1** I had no reason, to ask questions why
Children get sick and everyone dies
I didn't care, I had no need
My life was ok, with money and greed
- Verse 2** But I took the chance, I had to try
To search for a reason to ask questions why
I found the answers, they've always been there
They've been waiting for me, Now I've started to care
- Chorus** I'm out of the noose, I'm riding away
You cut me loose I have so much to say
My life to start over..... I'm out of the noose
- Verse 3** Millions now living, will never die
They're telling the story, about the first lie
The evil one ruling, he's pulling the strings
But his days are all numbered, the pendulum swings
- Verse 4** But stronger than him, is our father above
He sent down his son, to show us his love
He set out in motion the path to the light
Right there from start, to make all things right
- Chorus** I'm out of the noose, I'm riding away
you cut me loose I have so much to say
- I'm out of the noose, I'm riding away
you cut me loose I have so much to say
- I'm out of the noose, I'm riding away
you cut me loose I have so much to say
- I'm out of the noose, I'm riding away
you cut me loose I have so much to say
- I'm out of the noose, I'm riding away
you cut me loose I have so much to say
My life to start over..... I'm out of the noose

To this earth he came, and then he died
To give us life and hope so we survive
- Chorus** I'm Born to Sin but I, I can't give in, cause I,
Know the reason why, everyone alive was born to die
I heard his spin, he said, skin for skin so I,
I'll do my best so you can, give the one who taunts a true reply
- Verse 2** My flesh is weak I know I have desire
My thoughts I take control, put out the fire
Cause you mean more to me, your words inspire
You give way more to me than I, I could acquire
- Chorus** I'm Born to Sin but I, I can't give in, cause I,
Know the reason why, everyone alive was born to die
I heard his spin, he said, skin for skin so I,
I'll do my best so you can, give the one who taunts a true reply
- End Chorus** I'm Born to Sin but I, I won't give in,
